How to Allow ScreenConnect on MAC

05/15/2024 12:07 pm EDT

A short guide on how to allow ScreenConnect on a MAC:

- 1. Open Google Chrome or Safari and go to: remote.tabush.com
 - a. Your support Tech will provide you with the needed Code
- 2. Once you enter the code, you will need to download the ScreenConnect application.
- 3. Once that is completed, go to the top left corner of your screen and click on the Apple Symbol; then select System Preferences
